OPNAV NOTICE 3111

From: Chief of Naval Operations

Subj: REALIGNMENT OF CONSTRUCTION BATTALION UNIT (CBUs)/
CONSTRUCTION BATTALION MAINTENANCE UNIT (CBMUs) AND
DISESTABLISHMENT OF CONSTRUCTION BATTALION UNITS 401,
403, 405, 411, 414, 415, 417, 420, 421, 422, 423, AND 427

Ref: (a) OPNAVINST 3111.14V
(b) SNDL (OPNAVNOTE 5400 of 18 Jun 03)

1. Purpose. To approve realignment, disestablishment and relocation of subject Construction Battalion Units and Construction Battalion Maintenance Units, all under the administrative command of the Chief of Naval Operations per reference (a).

2. Background. This action aligns active Construction Battalion Units (CBUs) and reserve Construction Battalion Maintenance Units (CBMUs) into two active CBMUs with reserve components. The alignment is intended to enhance command and control of the units and improve responsiveness to combatant commanders. Active CBMUs will provide camp setup and camp maintenance support to Navy and Marine Corp forces ashore, as well as continue to support the CBU mission of providing responsive public works support to Navy Fleet Hospitals, and construction readiness training (CRT) and Disaster Recovery/Consequence Management (DR/CM) support to Navy activities ashore. With emerging requirements to provide Forward Operating Base (FOB) facility and logistics support to designated Marine Expeditionary Force (MEF) and MEF Engineer Group (MEG) Command Elements, and to Naval Special Warfare (NSW) Squadrons, CBMUs will become the primary units within the Naval Construction Force (NCF) designated to provide such support.

3. Organizational Changes. Effective immediately, make the following changes to the Construction Battalion Maintenance Units (CBMUs) and Construction Battalion Units (CBUs):

a. Relocate the following Construction Battalion Maintenance Units:

d. Revised Mission for CBMU. The mission of an active CBMU is to deploy rapidly to provide follow-on operations, maintenance, repair and limited construction capability at advance base shore facilities constructed by Naval Mobile Construction Battalions (NMCBs) or other component units under the theater commander's control with the ability to perform combat security operations. Provide Forward Operating Base (FOB) facility and logistics support to designated Marine Expeditionary

Force (MEF) and MEF Engineer Group (MEG) Command Elements, and to NSW Squadrons to include contingency contracting and limited Chemical/Biological decontamination for personnel, equipment and facilities. Operate, maintain and repair shore facilities and utilities in support of forward deployed, ground based, fleet hospitals and execute Construction Readiness Training (CRT) projects at designated Naval shore activities. CBMUs will require limited support from host commands for messing, medical, dental, administration, maintenance and defensive fortifications but could be expected to provide augment personnel to support host commands within these functional areas.
